FOREWORD

Krisis lingkungan yang semakin masif, meningkatnya ketimpangan sosial, serta gejolak ekonomi global telah menciptakan tantangan baru bagi organisasi dalam menjalankan operasionalnya. Publik kini menunjukkan sikap yang lebih kritis terhadap perusahaan yang hanya mengejar keuntungan tanpa mempertimbangkan dampak sosial dan ekologis dari aktivitasnya. Kesadaran kolektif pun mulai tumbuh bahwa pembangunan berkelanjutan tidak dapat dicapai melalui pendekatan ekonomi semata. Tuntutan terhadap akuntabilitas sosial dan keterbukaan informasi menjadi semakin mengemuka dalam dinamika bisnis modern. Akuntansi sosial hadir sebagai jawaban atas perubahan ekspektasi ini terhadap fungsi akuntansi dalam masyarakat kontemporer. Fungsi akuntansi yang sebelumnya terbatas pada pencatatan dan pelaporan keuangan kini mulai diperluas menjadi sarana untuk menyampaikan nilai, etika, dan dampak sosial perusahaan.

Perkembangan ini menunjukkan bahwa pelaporan organisasi tidak cukup hanya berdasarkan neraca keuangan, melainkan harus mencerminkan kontribusinya terhadap keadilan sosial dan kelestarian lingkungan. Integrasi aspek sosial dan lingkungan dalam akuntansi mencerminkan paradigma baru dalam menilai kinerja organisasi. Dengan demikian, akuntansi sosial tampil sebagai wajah baru dalam pelaporan yang lebih etis dan bertanggung jawab. Perubahan ini bukan sekadar respons terhadap tekanan eksternal, tetapi juga bagian dari proses reflektif internal organisasi dalam menata ulang perannya di masyarakat. Pendekatan ini menempatkan organisasi bukan hanya sebagai entitas ekonomi, tetapi juga sebagai aktor sosial yang memiliki kewajiban moral. Maka, akuntansi sosial menjadi instrumen penting dalam merumuskan dan menyampaikan komitmen terhadap nilai-nilai keberlanjutan.

Dalam konteks global yang semakin menuntut keberlanjutan, organisasi dihadapkan pada keharusan untuk menunjukkan transparansi di semua lini operasionalnya. Laporan keuangan konvensional dinilai tidak lagi memadai untuk merepresentasikan dampak sosial dan lingkungan dari aktivitas ekonomi. Oleh sebab itu, akuntansi sosial menawarkan suatu kerangka pelaporan yang lebih komprehensif dan reflektif. Kerangka ini menggabungkan informasi ekonomi dengan nilai-nilai etika serta kepentingan pemangku kepentingan. Laporan keberlanjutan, pengungkapan hak asasi manusia, serta partisipasi pemangku kepentingan menjadi elemen penting dalam pendekatan ini. Akuntansi sosial tidak hanya menjadi alat metodologis, tetapi juga menjadi medium komunikasi yang membangun kepercayaan.

Perkembangan disiplin ini tidak terjadi dalam ruang hampa, melainkan merupakan bagian dari transformasi global dalam tata kelola organisasi. Meningkatnya perhatian terhadap *corporate social responsibility* (CSR) telah mendorong akuntansi sosial menjadi penghubung antara teori etika dan praktik manajerial. Organisasi yang menerapkan akuntansi sosial berupaya memperoleh legitimasi sosial sekaligus membangun reputasi jangka panjang. Dalam jangka waktu tertentu, pendekatan ini mampu meningkatkan daya saing organisasi secara berkelanjutan. Buku ini hadir sebagai respons terhadap dinamika tersebut, dengan menawarkan pemahaman konseptual dan pendekatan praktis yang aplikatif. Dengan demikian, buku ini diharapkan dapat menjadi sumber pembelajaran sekaligus alat refleksi yang bermanfaat bagi berbagai pihak.

Buku ini tidak hanya menyuguhkan teori, tetapi juga memperkenalkan metode, prinsip, dan praktik akuntansi sosial yang relevan dalam konteks global. Pemahaman mendalam tentang bagaimana pelaporan sosial dapat mengubah cara pandang organisasi terhadap keberhasilan menjadi bagian penting dari buku ini. Keberadaan studi kasus dari berbagai sektor memperkaya isi buku dan memberikan dimensi empiris yang aplikatif. Melalui pendekatan ini, pembaca diajak memahami keterkaitan antara kerangka teoritis dan penerapannya dalam praktik organisasi.

Hasilnya, buku ini menjadi panduan yang seimbang antara refleksi akademik dan kebutuhan praktis dunia usaha. Penulis mengangkat isu-isu penting seperti keadilan sosial, keberlanjutan lingkungan, serta transformasi digital dalam akuntansi.

Tema-tema tersebut bukan hanya mencerminkan tantangan kontemporer, tetapi juga membuka ruang bagi solusi inovatif. Dengan menggabungkan dimensi normatif dan praktis, buku ini memberikan jawaban terhadap persoalan konseptual sekaligus arah pelaksanaan di lapangan. Kontribusi seperti ini sangat dibutuhkan untuk memperkuat basis keilmuan akuntansi sosial di lingkungan akademik. Di saat yang sama, pendekatan ini juga menjadi panduan etis bagi organisasi dalam menjawab tuntutan zaman. Buku ini merupakan refleksi atas kebutuhan untuk melihat akuntansi tidak sekadar sebagai alat teknis, melainkan sebagai instrumen sosial yang membawa nilai. Maka dari itu, buku ini memiliki relevansi tinggi bagi dunia pendidikan, penelitian, dan praktik profesional.

Buku ini ditujukan bagi siapa pun yang ingin memahami akuntansi sebagai sarana transformasi sosial yang bermakna. Bagi kalangan mahasiswa dan peneliti, buku ini membuka peluang eksplorasi gagasan baru serta pengembangan kurikulum yang kontekstual. Sementara itu, bagi praktisi dan pembuat kebijakan, buku ini menyajikan panduan untuk membangun strategi organisasi yang adil dan berkelanjutan. Di tengah era disruptif dan globalisasi, pendekatan sosial dalam akuntansi memberikan harapan akan pelaporan yang lebih inklusif dan manusiawi. Buku ini mencoba menjawab pertanyaan mendasar tentang cara mengukur apa yang benar-benar bernilai dalam kehidupan organisasi. Pada akhirnya, akuntansi sosial tidak hanya mendorong keterbukaan, tetapi juga membentuk kesadaran kolektif tentang pentingnya etika dalam pengambilan keputusan.

Lebih dari sekadar kumpulan teori, buku ini bertujuan untuk mendorong perubahan paradigma dalam dunia akuntansi. Dengan landasan nilai-nilai etika dan tanggung jawab sosial, akuntansi dapat menjadi kekuatan yang memperkuat demokrasi ekonomi dan keadilan sosial. Inilah semangat yang mendasari penulisan buku ini: menjadikan akuntansi sebagai alat perubahan yang berintegritas. Harapannya, masa depan akuntansi akan ditandai oleh kebijaksanaan, keberanian moral, dan komitmen terhadap keberlanjutan. Dalam angka, kita menemukan narasi; dalam pelaporan, kita mananamkan nurani. Semoga buku ini dapat menjadi sumber inspirasi bagi mereka yang ingin membangun organisasi yang lebih bertanggung jawab.

PREFACE

Perubahan zaman yang ditandai oleh krisis sosial dan lingkungan telah memaksa dunia akuntansi untuk melakukan transformasi mendasar. Fungsi akuntansi tidak lagi cukup sekadar mencatat dan melaporkan transaksi ekonomi secara teknis. Ia dituntut untuk merespons isu-isu keberlanjutan dan keadilan sosial yang semakin kompleks. Dalam konteks ini, muncul kebutuhan akan literatur yang tidak hanya bersifat teoritis, tetapi juga kontekstual dan aplikatif. Buku ini hadir sebagai jawaban atas tuntutan tersebut dengan menyajikan pendekatan yang integratif dan manusiawi. Ia menjadi jembatan antara ilmu akuntansi konvensional dan nilai-nilai kemanusiaan yang semakin relevan di era kini.

Struktur buku ini dirancang secara sistematis agar pembaca dapat memahami akuntansi sosial sebagai disiplin yang tengah berkembang. Buku ini terbagi ke dalam enam bagian utama yang mengantarkan pembaca dari konsep dasar hingga aplikasi nyata. Pendekatan ini mempermudah mahasiswa dan praktisi untuk melihat keterkaitan antara teori dan implementasi. Setiap bagian menyusun alur berpikir yang logis agar pembaca dapat membangun pemahaman secara menyeluruh. Tidak hanya menyampaikan informasi, buku ini juga mendorong refleksi kritis terhadap praktik akuntansi yang ada. Oleh karena itu, buku ini bersifat informatif sekaligus edukatif secara strategis.

Bagian awal buku ini difokuskan pada penguatan fondasi teoritis dari akuntansi sosial. Sejarah perkembangan, landasan filosofis, dan pendekatan metodologis disampaikan secara rinci dan terstruktur. Penjelasan ini membantu pembaca memahami pentingnya akuntansi sosial dalam merespons dinamika masyarakat. Lebih dari sekadar definisi, bagian ini menyuguhkan pemikiran kritis tentang arah perkembangan disiplin tersebut. Dengan demikian, pembaca tidak hanya mengenali istilah, tetapi juga mampu menangkap konteks dan relevansi sosialnya. Inilah pijakan penting dalam membentuk perspektif yang luas dan integratif.

Selanjutnya, buku ini mengeksplorasi penerapan akuntansi sosial dalam berbagai sektor organisasi. Sektor privat, publik, dan nirlaba masing-masing menghadapi tantangan yang berbeda dalam mengimplementasikan prinsip-prinsip keberlanjutan. Buku ini menyajikan contoh nyata dan analisis kritis yang mencerminkan keberagaman pendekatan dalam praktik. Pendekatan tersebut menekankan pentingnya kebijakan internal, pengukuran dampak, dan transparansi dalam pelaporan. Akuntansi sosial digambarkan bukan sebagai konsep seragam, melainkan sebagai sistem yang fleksibel dan kontekstual. Ini memberikan ruang adaptasi sesuai dengan karakteristik dan kebutuhan setiap organisasi.

Salah satu kekuatan utama buku ini terletak pada penekanan peran pemangku kepentingan dalam membentuk praktik akuntansi yang etis. Isu-isu seperti hak tenaga kerja, kesetaraan, dan akuntabilitas sosial menjadi fokus karena relevansinya di dunia organisasi modern. Pembaca juga diajak untuk memahami perkembangan standar global yang memengaruhi pelaporan keberlanjutan. Dengan mencermati dinamika tersebut, pembaca diajak untuk berpikir secara sistemik, kritis, dan adaptif. Buku ini mengajak kita untuk melampaui kepatuhan administratif menuju komitmen moral yang lebih substansial. Inilah bentuk transformasi nilai yang diperlukan dalam dunia bisnis kontemporer.

Bagian akhir buku ini mengajak pembaca menatap masa depan akuntansi sosial dalam konteks perubahan global. Peran teknologi digital dan isu krisis iklim dibahas sebagai faktor penting yang mengubah lanskap pelaporan. Transformasi digital melalui big data dan pelaporan terintegrasi telah membuka peluang dalam pengukuran dampak sosial dan lingkungan. Sementara itu, krisis iklim menuntut akuntansi turut serta dalam proses mitigasi dan adaptasi kebijakan. Perpaduan antara teknologi dan keberlanjutan menjadi ruang strategis bagi inovasi

dalam akuntansi sosial. Dengan demikian, buku ini tidak hanya membahas kondisi saat ini, tetapi juga mempersiapkan pembaca untuk tantangan masa depan.

Buku ini ditujukan terutama bagi mahasiswa dalam bidang akuntansi, ekonomi, serta manajemen. Namun, cakupannya jauh lebih luas dan mencakup auditor, akuntan profesional, hingga pembuat kebijakan. Materi yang disampaikan dapat digunakan sebagai bahan ajar maupun referensi praktis dalam membangun organisasi yang adil dan berkelanjutan. Penyajian yang sistematis, kontekstual, dan relevan menjadikan buku ini sebagai sumber daya yang inklusif dan multidimensi. Lebih dari sekadar buku teks, karya ini dimaksudkan sebagai alat refleksi kritis yang menginspirasi perubahan. Ia mendorong kita untuk memikirkan ulang cara kita menghitung, menilai, dan melaporkan nilai dalam masyarakat.

Harapan kami, buku ini dapat menumbuhkan kesadaran baru akan fungsi akuntansi sebagai instrumen moral yang membentuk masa depan yang lebih adil. Dalam dunia yang semakin kompleks dan terhubung, kontribusi semacam ini sangatlah penting dan mendesak. Melalui buku ini, kami ingin menunjukkan bahwa praktik bisnis dapat tumbuh secara etis dan bertanggung jawab. Prinsip-prinsip akuntansi sosial harus menjadi bagian integral dari tata kelola yang bijaksana. Dengan pemahaman ini, akuntansi tidak lagi sekadar alat teknis, melainkan kekuatan yang membentuk masyarakat yang lebih berkeadilan. Semoga buku ini dapat menjadi bagian dari gerakan menuju akuntansi yang lebih manusiawi dan berintegritas.

Setiap karya ilmiah lahir dari proses kolaboratif yang tidak pernah berjalan sendiri. Demikian pula dengan buku ini, yang tumbuh dari pertukaran ide, kritik membangun, dan semangat kolektif berbagai pihak. Di balik setiap paragraf, terdapat percikan pemikiran, dukungan emosional, serta eksplorasi intelektual yang kami jalani bersama banyak kontributor. Penulisan ini menjadi perjalanan yang bermakna karena adanya dukungan luas dan tulus dari berbagai kalangan. Oleh karena itu, bagian ini ditulis sebagai ungkapan terima kasih kami yang mendalam dan tulus. Kami ingin menghargai setiap pihak yang telah memberi warna dalam proses penyusunan buku ini.

Kami menyampaikan apresiasi setinggi-tingginya kepada para akademisi dan peneliti di bidang akuntansi sosial dan keberlanjutan. Diskusi yang mereka fasilitasi telah memperkaya perspektif kami serta memperluas cakrawala referensi yang kami gunakan. Banyak di antara mereka yang, secara informal, menjadi mitra berpikir bahkan mentor dalam menyusun struktur argumentasi buku ini. Pengalaman dan riset mereka membantu kami memahami kompleksitas konsep secara lebih mendalam. Tanpa dukungan komunitas ilmiah ini, buku ini tidak akan memiliki kedalaman dan keluasan seperti yang tersaji sekarang. Mereka menjadi sumber inspirasi sekaligus pengarah dalam proses berpikir kritis kami.

Kontribusi penting juga datang dari mahasiswa dan praktisi yang secara langsung menguji konsep-konsep dalam buku ini. Melalui studi kasus, program *Corporate Social Responsibility*, dan kerja lapangan, mereka menunjukkan bagaimana teori dapat diwujudkan dalam praktik nyata. Refleksi empiris mereka sangat berarti dalam menyusun bagian aplikasi buku ini. Kami belajar banyak dari keterlibatan mereka yang penuh semangat dan kejujuran akademik. Temuan dan pengalaman mereka memperkuat keyakinan kami bahwa teori dan praktik harus berjalan beriringan. Dalam semangat tersebut, buku ini menjadi hasil sinergi antara dunia akademik dan praktik profesional.

Kami juga berterima kasih kepada para reviewer anonim yang telah memberikan masukan tajam dan membangun terhadap naskah awal buku ini. Komentar-komentar mereka membantu kami menyempurnakan substansi, memperjelas alur, dan memperkuat validitas ilmiah karya ini. Meskipun tanpa nama, kritik mereka mencerminkan kepedulian tinggi terhadap mutu dan relevansi akademik. Kami sangat menghargai peran mereka sebagai penjaga standar dalam literatur ilmiah. Tanpa masukan tersebut, buku ini tidak akan mencapai kualitas yang diharapkan. Mereka telah memberi kontribusi besar dalam membentuk integritas intelektual buku ini.

Tantangan pribadi dan profesional selama proses penulisan juga tidak bisa diabaikan. Dalam hal ini, keluarga dan kolega kami memainkan peran penting sebagai sumber kekuatan dan ketenangan. Mereka telah memberikan ruang, waktu, serta pengertian di tengah berbagai tuntutan pekerjaan dan kehidupan. Dukungan emosional yang mereka berikan menjadi sandaran kami dalam menghadapi kebuntuan dan kelelahan. Kepada mereka, kami menyampaikan terima kasih sedalam-dalamnya. Selain itu, kami juga ingin mengapresiasi tim editorial dan penerbit yang telah bekerja secara profesional dan teliti. Kualitas akhir buku ini sangat dipengaruhi oleh ketekunan mereka dalam menyunting dan memproduksi naskah.

Akhirnya, penyusunan buku ini telah menjadi pengalaman kolektif yang memperkaya secara intelektual maupun emosional. Proses ini mengajarkan kami bahwa menulis bukanlah kerja individu semata, melainkan hasil interaksi sosial yang mendalam. Setiap masukan, dukungan, dan semangat telah membentuk identitas buku ini secara utuh. Oleh sebab itu, ucapan terima kasih ini bukan sekadar formalitas, tetapi refleksi dari rasa hormat terhadap kolaborasi yang terjadi. Semoga semangat kebersamaan yang melandasi buku ini juga dapat dirasakan oleh para

pembaca. Kami percaya bahwa dalam setiap halaman, tersimpan jejak kerja kolektif dan cinta terhadap ilmu pengetahuan.
